The Acme Way

The Acme Way is an initiative based on 24 critical behaviors and fundamentals that ensure our company's culture will carry on Bob Cohen's entrepreneurial vision for years to come. We are partnering with CultureWise, who is helping us take the good things we're already doing to the next level.

Fundamental #24

Keep Perspective.

While our passion for excellence is real, remember that the world has bigger problems than the daily challenges that make up our work. Stuff happens. Keep perspective. Don't take things personally or take yourself too seriously. Smile every day.

Bringing Value Through...

Industry Leadership for Over a Century.

We've led the industry in product customization and technology adoption with top of the line customer care and just-in-time solutions. An integral part of our customers' supply chains, we get to know your exact packaging and business needs – then design and deliver accordingly.

Acme Updates

Working hard, giving back, and some fun along the way.

Acme launched our first ESL training for Ukrainian employees.

In July, Acme Corrugated Box proudly launched our first ESL (English as a Second Language) class for our Ukrainian employees, in partnership with JEVS Human Services. With 25 employees participating, this program is helping them adapt to life in the U.S. by building language skills and fostering a sense of community. We're excited to support our team members on this journey, and it's just the beginning of the opportunities we aim to provide for our diverse workforce.

Cristo Rey Students!

Cristo Rey Signing Day!

We recently had the privilege of participating in the signing day event at Cristo Rey Philadelphia High School, where Acme Corrugated Box is proud to sponsor two hardworking students. This partnership allows us to support their education and professional development, and we couldn't be more excited to welcome them to the Acme team! We look forward to helping them grow and succeed in this valuable opportunity.

2nd Acme Company Picnic

Acme Corrugated Box hosted its annual company picnic on September 12th, and it was a fantastic day filled with great food and fun on the front lawn! The menu featured grilled hamburgers, hot dogs, chicken, and a variety of sides, plus a taco bar that everyone loved. It was the perfect way to celebrate our team and enjoy some downtime together. Thank you to everyone who made this event such a success!

DECKED OUT IN ACME SWAG

At Acme, we take pride in recognizing our team's hard work and dedication. Each month, we celebrate individuals who go above and beyond, rewarding them with some fun Acme swag. It's our way of saying thank you for embodying the spirit of our company. Check out these teammates enjoying their well-earned rewards! We couldn't be prouder of their contributions and commitment to excellence.

Supporting E-Commerce

Innovative & Tailored Packaging Solutions for E-Commerce Growth

Packaging is not just a box. It's the first impression, the protector, and the messenger. It's the art of creating a moment of delight and reassurance before the product is even unwrapped.

As the e-commerce industry continues to grow at a rapid pace, the demand for reliable, sustainable, and efficient packaging has never been higher. Acme Corrugated Box is at the forefront of this transformation, offering tailored packaging solutions that not only protect products but also streamline fulfillment processes.

From custom designs that ensure products arrive safely, to eco-friendly materials that align with modern sustainability goals, Acme is helping businesses reduce waste while optimizing their shipping operations.

Acme's expertise supports both small and large-scale e-commerce operations, ensuring brands can adapt to evolving demands with packaging that meets rigorous shipping requirements.

As e-commerce expands, Acme Corrugated Box continues to provide creative and reliable packaging solutions that enhance the overall efficiency and sustainability of supply chains.

Acme Corrugated Box delivers specific, high-performance packaging solutions that address the unique challenges of e-commerce businesses. For instance, our **double-wall corrugated boxes** are designed for heavy or fragile items, offering superior protection during shipping and reducing damage-related returns. For businesses with high-volume orders, Acme provides custom-sized boxes that eliminate the need for excessive filler material, reducing shipping costs and waste.

Sustainability is also central to Acme's approach. Our corrugated boxes use up to 100% recycled content and are 100% recyclable, allowing e-commerce companies to reduce their environmental impact.

Acme doesn't just stop at protection and sustainability. For businesses looking to create a memorable unboxing experience, we offer **custom-printed packaging** with high-quality branding options, helping companies like a boutique clothing retailer improve customer satisfaction scores due to the enhanced presentation.

Additionally, Acme has optimized fulfillment for growing businesses with boxes designed for **automated packing lines**. This streamlines the process for e-commerce companies, reducing packaging time. Acme's tailored approach helps brands scale efficiently while ensuring a streamlined, cost-effective shipping experience.

Whether your e-commerce business is in food, medical, or fragile goods, Acme Corrugated Box provides innovative, sustainable packaging solutions that support your growth and keep your supply chain running smoothly.

Facility Upgrades

NEW WINDOWS

Acme Corrugated Box has upgraded all exterior windows on the east side of our facility, from the shipping area to the OPEX offices!

Completed on July 24th, this long-overdue update replaces windows from the 1960s with modern, energy-efficient ones. The transformation is incredible, enhancing both the appearance and energy efficiency of our building.

Look at the amazing before and after photos!
